Mexico's Danger  
Men, Woman, Their Ro-  
mances  
For the Discouraged  
No Baby Kissing.

BY ARTHUR BRISBANE

MEXICO faces the danger of re-  
turning to the state of civil war. Civil war is the  
worst kind of war, and religious war is  
the worst kind of civil war.

LATE news from Mexico predicts  
that Calles, in spite of a constitu-  
tion forbidding two successive presi-  
dential terms, will remain in power.

In control of the army he can do  
anything, and constitutions are only  
made of paper—easily changed. He  
probably believes that Mexico's welfare  
depends that he continue, and he may  
be right.

NEW YORK'S bureau of social hy-  
giene, including John D. Rockefeller  
Jr., says its directors, supplies in-  
formation on the romances of 100 men  
and 100 women, all married, but not  
to each other.

The 100 men had had 851 love af-  
airs, the 100 women had had 677.  
Most of them happened before mar-  
riage.

TWENTY-NINE husbands and 41  
wives continued their "romances"  
after they were married. Men's love  
affairs begin to die out usually at  
about thirty.

Women start all over again after  
thirty.

THE New York statistics confirm  
Machibukof's statement that older  
women are often unhappy because they  
become really interested in romance  
after husbands of their own age get  
tired of it.

Men and other Greeks had a free  
to arrange that, but even one plan  
and say would not tolerate it.

HELEN KELLER was born blind  
and deaf. In infancy she could  
not hear or speak. She speaks,  
reads by her finger tips, "hears" what  
others say by putting her fingers on  
their lips.

Morris R. Dougherty, with no legs  
and only one arm, runs his airplane  
unaided, and plans a flight to Europe.  
There are lessons for those discour-  
aged by what they call "lack of op-  
portunity."

MR. HOOVER, kindly but firmly  
says, "I shall kiss no baby for  
publication." That is wise, and kind  
to babies.

No infant mother allows ANY-  
BODY to kiss her baby. All adults  
carry in their mouths disease germs,  
harmless to the carriers, but dangerous  
to an infant, in whom the protecting  
mucous membranes are undeveloped.

Mr. Hoover did, however, hold the  
baby while its older brother took a  
photograph. He likes babies.

SECRETARY KELLOGG says every  
nation can sign the world peace  
treaty. Russia can sign. This  
country does not recognize the bolshe-  
vick government in its existence, but a  
war will be found to let the Russians  
in, perhaps.

THAT will please Europe, Germany  
especially. Living here to the big  
and knowing how revolution  
stimulates a nation's power, for a  
while at least, the Germans want a  
Russian Russia.

SCIENTISTS are aroused by the new  
"discovery," advancing the  
supposition that there is a substance  
or "element" within the body that  
promotes tumor growth.

It is hoped that some other substance  
or "element" may be found to PRE-  
VENT such growth.

SOME doctors suggest an all-rejectable  
diet to prevent cancer.

In a certain monastery, where no  
meat is ever eaten, none of the monks  
has cancer. On the other hand, among  
nuns on a meat diet, no savage has  
cancer.

It would be interesting to hear from  
tribes within the arctic and  
antarctic circles, that eat meat and fat  
all the time.

Sir Thomas Horner, eminent au-  
thority, says a mixed diet of vegetables,  
fruit and meat is best for cancer  
patients.

IN 1927 every American farmer on  
the average made \$137 more than he  
made in 1926. That's something, enough  
to the first payment on a new car.

But the average farmer in 1927  
earned only \$1,200 in all, less than  
the salary of an underpaid chauffeur in  
the city.

The farmer takes care on the aver-  
age of 275 acres, and he has to invest  
\$10,445 to own the farm. No wonder  
farmers' sons go to the city.

**BODY NEARS MEXICO**  
Pac Draped Cabot on Way to  
Pier's Office

San Antonio, Tex., July 21—The dis-  
trapped cabot bearing the body of Capt.  
Kathleen Carrigan, who last May was  
in an attempted suicide jump off a cliff  
from New York to Mexico City, was  
sent today toward the capital of the  
latter land today, accompanied by all the  
other a sympathetic crowd.

The train is due at Mexico where it  
will be followed and the body will be  
buried.

## LARGE PRIMARY VOTE IN COUNTY IS PREDICTED

Republican Voters Seem Even-  
ly Divided on Three Cuber-  
natorial Candidates

DEMOCRATS LIKE DAVEY

C. O. P. Leaders Quiet on Sen-  
atorial Race Between Bur-  
ton and Marshall

With a three-cornered fight, so far  
as Marion county is concerned, for  
the Republican gubernatorial nomi-  
nation, honors at present seem to be fairly  
evenly divided between Myers J.  
Cooper, Attorney General Edward C.  
Turner, and Congressman James T.  
Beag.

With more than three weeks to go  
before the primaries on Aug. 14, it ap-  
pears probable that at least one of these  
will lose favor before Marion county  
voters go to the polls. If present ten-  
dencies continue Turner may be se-  
riously handicapped here due to the  
popular belief that he is wet.

On the other hand this factor may  
work to his advantage as Cooper and  
Beag will split the county's dry and  
church vote. Cooper is fairly well  
known here. He wound up his cam-  
paign here two years ago. He failed  
to carry the county two years ago.

Turner spoke here last winter but so  
far there has been no active campaign  
in his behalf. He is probably better  
known than Cooper as a result of the  
fight to prevent utilities companies from  
increasing their rates in this section  
of the state.

Davey Democrats Favorite

Of the three Republicans, Beag is  
probably the best known and will likely  
carry the county unless his following  
is cut into by Cooper.

Beag's campaign manager for the  
state is H. H. Hamilton, Marion attor-  
ney, well-known over the entire county.

So far as Marion county Democrats  
are concerned, Martin L. Davey, the  
Kent tree surgeon and member of con-  
gress, seems to be their popular choice.  
That he will carry the county is prac-  
tically assured, Democratic leaders here  
say.

## 20 HURT AS TRAIN LEAPS THROUGH GAP

Two Cars Sink Into Waters of  
Bay; No One Is  
Killed

New York, July 21—Approximately  
20 persons were injured, and the lives  
of scores of others imperiled when a  
Long Island train ran past a danger  
signal and plunged through an open  
pierced bridge into Jamaica Bay today.

One car in the train was all but  
submerged. The second dropped on top  
of the first, pinning it down. A tug,  
which has just passed through the  
bridge, narrowly escaped the huge  
coaches as they plunged down.

Officials of the Long Island road de-  
nied that any lives had been lost, al-  
though only a miracle could have pre-  
vented fatalities under the circum-  
stances. Police and fire rescue squads,  
unable to raise the submerged car,  
were not convinced that no one was  
dead.

The train was bound for Far Rock-  
away and was well filled with persons  
on their way to the beaches there.  
Only the first two cars of the 10 car  
train plunged through the bridge, the  
rear of the second hanging precariously  
12 feet above the water.

Police said that the drawbridge,  
which swings on a pivot in the center  
of the span, had not yet swung down  
completely when the train struck  
through it. The train struck the  
leaves of the bridge.

Long Island road officials, after a  
hurried survey of the disaster, reported  
that the wreck was caused by the  
bridge's failure to close completely,  
and denied that it had not had time  
to close since the passage of a tug.

## TO SET DATE

Smith Favors Aug. 10 or 15 for  
Nominations

Albany, N. Y., July 21—Governor  
Al Smith today was expected to an-  
nounce the date for the primary at  
which he will be formally notified that  
he has been nominated for the presi-  
dency by the Democratic party.

The notification will be held at night  
on the steps of the state capital and  
the governor is reported to favor either  
Aug. 10 or Aug. 15. Smith will depend,  
however, on what the nomination date  
has been set at in order to broadcast the  
governor's address.

**DELAYS ANNOUNCEMENT  
OF ACCEPTANCE DATE**

Albany, N. Y., July 21—Al Smith  
today was expected to postpone until  
late in the month the announcement of  
the date at which he will formally an-  
nounce his acceptance of the nomination  
of a single over state legislature.

## CURTAIN FALLS

ELLEN TERRY, NOTED  
ENGLISH STAR, DIES

Daughter and Son at Bedside  
When End Comes; Was 80  
Years Old

London, July 21—Dame Ellen Terry,  
famous English actress, died today at  
her home at Small Hythe, near Seven-  
den in Kent, after an illness of several  
days.

Dame Terry was taken seriously ill  
Tuesday. Later she became semi-  
conscious and last night her breathing  
became difficult. Her daughter and son  
were at her bedside when she died.

The celebration of her eightieth birth-  
day anniversary on Feb. 27 was the  
occasion for an outpouring of tributes  
from all over the world.

**SMITH ORGANIZATION  
PLANNED FOR DRIVE**

Most of Work of Campaign To  
Be Handled by Governor's  
Associates

New York, July 21—With the selec-  
tion of St. Louis and Salt Lake City  
as regional headquarters and the ap-  
pointment of advisory and executive  
committees the Democratic organiza-  
tion which will have charge of Gov.  
Alfred E. Smith's campaign for the  
presidency was complete today.

Chairman John J. Raskob of the na-  
tional committee announced the com-  
mittee appointments, which made it  
clear that most of the administrative  
work of the campaign will be handled  
by men and women who have long been  
associated with Governor Smith.

In addition to Chairman Raskob the  
executive committee includes Senator  
Peter G. Gerry of Rhode Island,  
Franklin D. Roosevelt, George R. Van  
Namee, Governor Smith's pre-conven-  
tion manager; Col. Herbert H. Leh-  
man, chairman of the finance commit-  
tee; James J. Hoey of New York and  
Mrs. Henry Morgenthau, director of  
publicity.

The advisory committee consists of  
Senator Pat Harrison of Mississippi,  
former Rep. Joseph Shouse of Kansas,  
Mrs. Franklin D. Roosevelt, Bruce  
Kremer of Montana, Ron Parker Corn-  
field of Albany, Rep. William A. Od-  
dy of Arkansas, Senator Millard E.  
Tydings of Maryland and Chairman  
Raskob, Ex-officio.

**STILL SERIOUS**  
Might Improvement Reported in Con-  
dition of Jean Ouelier

Slight improvement was noted  
today in the condition of Jean  
Ouelier, five-year-old  
daughter of Rev. and Mrs. Howard  
Ouelier, East Church st., who is  
suffering from lockjaw.

The child's condition is still re-  
garded as being serious, according to  
the attending physician. Follow-  
ing a period of considerable  
improvement was noted in her con-  
dition, the child suffered a relapse  
a few days ago.

Lockjaw developed from a wound  
the child sustained Fourth of July  
in the index finger of her right  
hand.

sign that the establishment was  
being run by two gang. The robbery ap-  
parently was familiar with the place.

## FARMERS VOTE TO GET COUNTY CATTLE TEST

Movement for Adoption of Area  
System Launched at Town-  
ship Meeting

HELD AT PROSPECT

Threatened Ban Against  
Marion County Milk Products  
Speeds Up Action

Unanimous approval of the county  
area testing plan for elimination of  
tubercular cattle was the sentiment  
expressed at a meeting of between 50  
and 60 farmers of Prospect township,  
held in the high school building at  
Prospect last night. The meeting was  
for the purpose of discussing adoption  
of the plan in the county and as a re-  
sult of the proceedings an organization  
was formed with William Davis, presi-  
dent and Edward Moloney, secretary.

The organization will be for the pur-  
pose of creating interest in adoption of  
the plan and solicitors will be ap-  
pointed by President Davis to call on  
all of the farmers in the township seek-  
ing their names to a petition.

**Has Threatened**

A ban proposed by Akron and Cleve-  
land cream buyers against cream com-  
ing from Marion county unless the  
county area system is adopted has given  
impetus to the movement here. The  
ban will become effective Jan. 1, unless  
application has been made to the state  
for county testing. The action of the  
upstate buyers followed the passing on  
an ordinance by boards of health of  
the cities, having the bringing in of  
cream or milk from counties not har-  
ing the general testing of cattle for  
tuberculosis.

Under the county testing plan, the  
county commissioners pay for the actual  
testing while the state pays for all re-  
actions killed. This plan assures the  
farmer at least something for his cattle  
while under the present plan, exter-  
mination of any diseased cattle means  
a total loss to the farmer. The area  
plan also provides for a general test-  
ing of all cattle in the county.

**Method of Procedure**

In event enough signers for the adop-  
tion of the plan are secured in the  
county and the money is appropriated  
by the commissioners, any owners of  
cattle in township not petitioning for  
the plan or who oppose its adoption  
will be placed under quarantine. The  
will their cattle have been tested and  
all reactors removed. The signature  
of 21 per cent of the farmers owning  
75 per cent of the cattle must be ac-  
cured before the plan will be autho-  
rized by the state.

The meeting at Prospect last night  
was attended by Dr. N. S. Siffert, county  
health commissioner, and Dr. J. T.  
Gruher, city milk and meat inspector.

**SOVIET RELIEF SHIP  
SEEKS REPAIR PORT**

Further Operations of Rus-  
sians in Arctic Ends for  
Two Weeks

Moscow, July 21—Soviet relief in  
behalf of the ill-fated Noble expedition,  
which has been responsible for nearly  
all the rescue so far effected, will be  
at a standstill for a fortnight as the  
result of official decisions taken today.

In the meantime there are still 12  
men missing—six of the members of the  
Noble party and the others members of  
the Amundsen relief group. Pro-  
fessor Nikolai, director of Rus-  
sian relief efforts, the Kremlin, wire-  
lessed from King's Bay that it would  
require two weeks to make necessary  
repairs upon the icebreaker. As long  
as King's Bay icebreaker is in a Nor-  
wegian or Swedish port.

Aviator Chukachov was ordered to  
remain at King's Bay to repair his  
plane and not to make any attempt to  
leave the missing Amundsen and  
Amundsen parties until the Kremlin re-  
turns.

Chukachov desired to continue the  
search alone, but the members of the  
soviet relief committee considered the  
risk too great.

## American Money Forced to Work Faster and Better; Profit Reaches 27 Per Cent

WASHINGTON, July 21—Amer-  
icans make their money work  
faster, longer and to better ef-  
fect than any other people of the  
world.

This nation makes a profit of 27  
per cent on its \$355,000,000,000  
national wealth every year, based  
on the internal revenue bureau's  
estimate of a \$60,000,000,000 ac-  
tual income.

There is just a little over \$2-  
000,000,000 in actual money in the  
country, according to today's treas-  
ury figures. In other words every  
physical dollar held by the gov-  
ernment, the reserve banks and the  
public is forced to "turn over" 18

times every year in order to sat-  
isfy the demands of its owner.

**Half Is Paper Money**

While the total stock of money  
is counted as something over \$2-  
000,000,000, nearly half is paper  
money, and the other half is gold  
and silver in the treasury's  
vaults. The gold and silver coin  
and bullion exceeds somewhat the  
paper money now outstanding.

The country's national wealth in-  
creased 10 per cent between 1912  
and 1922, and considerably since  
the latter date, according to John  
H. Frey, high official of the Amer-  
ican Federation of Labor in a com-  
prehensive economic review.

"There were several reasons for  
this extraordinary increase in  
wealth," Frey said. "Since 1900  
American industries have developed  
more efficient methods of pro-  
duction. The rule of thumb, guess  
work and traditional methods were  
replaced by those more accurate,  
intelligently conceived and sci-  
entific."

**Workers' Output Increased**

Frey pointed out that the loss  
of man-power from the factories  
during the war resulted in a great  
necessity for more efficient pro-  
duction methods. As a result the  
workers' daily output showed a  
preliminary economic review.

## TWO MARION MEN VICTIMS OF HEAT WAVE

Overcome and Forced To Quit  
Work in Trenches on  
W. Center st.

TWO LISTED AT KENTON

No Relief Near. Forecasts  
States, as Torrid Tempera-  
ture Passes Sixth Day

With two persons reported overcome  
with the heat in the city yesterday,  
the torrid wave now holding Ohio in its  
grip entered its sixth day of supremacy  
in Marion today.

Employed in digging trenches for  
catch basins on West Center st.,  
Edward Pelen and H. Jones were  
forced to quit work early yesterday  
afternoon after being stricken by the  
heat. They were reported to be im-  
proved today.

## HOT WEATHER AND RAIN SCHEDULED

Washington, July 21—Weath-  
er outlook for the period July 21  
to 28, inclusive:

**Ohio Valley:** Showers at the  
beginning of the week and again  
about Thursday or Friday;  
otherwise, generally fair. Tem-  
perature slightly above normal  
the greater part of the week.

**For the Region of the Great  
Lakes:** Showers in extreme east  
portion beginning of week and  
probably general shower period  
toward close; otherwise mod-  
erately fair; temperatures mostly  
moderate, but probably warmer  
later in the week.

were reported to have been overcome  
with the torrid rays of the sun yester-  
day. Mrs. Lulu Kuhnley and Charles  
Black, who were overcome in Kenton,  
were reported considerably improved  
today.

**Main Relief Signs**

A driving rainstorm which might tip  
the mercury of the heat, the forecast of  
the 30-degree mark into lowering cloud  
mass, brought welcome relief to suffer-  
ing residents of Marion.

In spite of the drop of the tempera-  
ture following the rainstorm yesterday  
and early today, the relief was pre-  
dicted to be only short-lived. From a  
low of 70 degrees recorded last night,  
the mercury had jumped back to 80  
degrees at noon today, just three  
degrees lower than at the same hour  
yesterday.

**Little Change Foreseen**

With a forecast of little change in  
temperature, local thunderstorms have  
been predicted again for tonight and  
Monday. That the heat wave will con-  
tinue for several days has been fore-  
cast by state weather officials.

Thunderstorms which swept over  
Kenton and Marion county last night  
were reported to have proved excep-  
tionally valuable to growing crops.

### REALTY ACTIVITIES REGISTER INCREASE

Property Transfers and Mortgages More Numerous in County This Week

The total amount of mortgages placed on real estate in Marion county this week was within \$2,000 of last week's figure, records in the office of the county recorder show. The total for this week was \$101,621.90.

Mortgages on property within the limits of Marion showed an increase of approximately \$4,000 over last week. There was a decrease outside, however, of about \$6,000. The totals for the week were \$92,156.90 for the city and \$9,465 for the remainder of the county. With the exception of \$4,000 loaned on mortgages by individuals, loan companies took the entire amount for the week. A \$5,000 mortgage on property outside the city of Marion was the largest placed this week.

The number of mortgages increased from 42 last week to 50 this week. Real estate transactions jumped from 27 last week to 38 this week.

#### Property Transfers

Real estate transfers for the week follow:

Vinton E. Ambrose and others to Bert G. Campbell, lot in Marion, \$1.

THE MILLARD HUNT CO., which is entering its tenth year as a firm dealing in coal and building supplies, has added a new yard located on N. Prospect st. and have installed coal unloading machinery that will speed up the delivery of coal and separate the slack. The yard is pictured above.

The company has installed overhead bins for sand and gravel which permits the unloading of this commodity within a few minutes, whereas, with the old method it all had to be handled by hand.

To use this modern machinery a carload of sand or gravel is placed in the proper position on the railroad track and its contents allowed to empty into a pit underneath. The movable elevator is then directed from the pit to the proper bin and in a short time the car of material is in place for reloading into the delivery trucks.

**Ease of Operation**  
For the sand and gravel it is only necessary to drive the truck underneath the bin and the desired load tumbles into it by gravity alone.

The company has installed a storage tank for fuel oil which is operated by electric pumps. This also takes but a few hours to transfer a car of fuel oil to their storage.

This company is now operating four Dodge Bros. motor trucks, with which all hauling is done. Aside from the coal business they handle common and face brick, following building tile, cement blocks and sidewalk stone, roofing, plaster and cement. This company is carrying one

### DECREASE SHOWN IN BANK CLEARINGS

Decline Results from Usual Summer Drop in Mercantile Sales, Is Report

A decline of approximately \$177,000 in local bank clearings during the past week under the figure of the preceding week is shown in totals based on figures given out by the Marion County bank clearing association headquarters, during the week. Clearings during the week totaled \$651,301.70 compared to \$828,057.24 for the preceding week.

The usual midsummer decline in mercantile sales is believed by bankers to have caused the drop in clearings. Buying, which is usually brisk during the early part of the summer season, drops off to a marked degree as the season for vacations advances. No great increase in clearings is looked for by dealers until the coming of cooler weather, although it is not expected the figure will fall below that of the average year.

Buying, on a whole, is slightly better than that which usually prevails at this season of the year, merchants say. While nothing spectacular, there is a steady demand which dealers say indicates a healthy business condition.

#### GOOD SHOWING

Building About on Par with Former Years, Reports Show

The beginning of the last half of the year found building activities throughout the county about on a par with those of a year ago. Reports made to S. W. Straus & Co., from the 44 principal cities and towns of the county located in the 48 states showed building permits and plans filed for the half year of \$2,945,302.000 compared with \$2,103,324.204, a loss of slightly less than two per cent. In the first half of 1929 substantially the same flat of cities reported \$2,245,030.070, and in 1928, \$2,845,300.000. It will thus be seen that the first half of 1928 was a little below the four-year record for the period.

It is to be remembered that these figures cover approximately 80 per cent of building operations within the limits of all incorporated cities and towns in the 48 states. They do not include cost of road building, construction of subways, bridges or other major engineering projects. They pertain to buildings only and are to be taken as an index of activities which will be under way within the next few months rather than records of money that already had been spent.

### LOCAL BERRY TRADE AT PEAK THIS WEEK

High Point of Raspberry Season Reached Wednesday, Growers Report

Wednesday of this week saw the peak of the raspberry season in Marion, growers said today. Despite ideal berry weather, which included plenty of rain and hot sun, the crop was not unusually large and at no time did the price drop below the 25-cent mark, a price of 27 and 28 cents prevailing throughout almost the entire season. Berries for canning, selling at from \$5.25 to \$5.75 during the middle of the week, were being quoted at \$6 the latter part of the week.

Blackberries were steady throughout the week. The supply was not large at any time and the price held around 22 and 24 cents. Gooseberries, selling at 22 cents early in the week, dropped as low as 15 cents the latter part of the week. Watermelons, only fairly plentiful the first part of the week, became more plentiful as the week advanced although the price remained steady, from 35 to 40 cents prevailing.

The extremely hot weather brought a break in the vegetable markets. A marked shifting from vegetables to fruits sent vegetable prices down. Peas and green and wax beans were being offered at 10 cents a pound or two for 15 cents, the low price of the season. New potatoes showed a slight advance the latter part of the week, when dealers boosted their prices from 20 to 25 cents. A few old potatoes were on the market, during the week and although they were offered as low as 80 cents a bushel, the demand was practically still, dealers say. Tomatoes made a sharp advance during the week, when dealers quoted prices of 30 and 35 cents, an advance of five cents over the price of earlier in the week.

Leaf vegetables were fairly steady all week. Dealers report a ready demand at 10 cents for leaf lettuce and 10 and 15 cents for head lettuce. The latter was scarce all week. New carrots and new beets were being offered at two bunches for 15 cents the latter part of the week.

## HIGHWAYS AND BYWAYS

BY KARL R. MELBOY

**NEXT** Thursday night light team race will be the last of the season, with the possible exception of the more fortunate ones who will be at the ring side, when Gene Tunney places his heavyweight crown on his black before the customary interest taken in the heavyweights is apparently lacking in all quarters which apparently has been found out by this time by Tex Rickard.

However, one of the biggest battles of the year is being staged by sports writers in picking the winner. The writer has been following these articles rather closely and it seems to be an even break on both sides.

Each fighter presents his strong points as well as weak ones. It is true that Tunney will be compelled to go 15 rounds against a strong man. Just where the crown will rest at this time next week is beyond all guessing and at the same time I am holding on to my money and not laying any bets. It is a 50-50 chance either way and a chance blow may settle all argument in the first round.

**RECENTLY** this column carried the writer's ideas on what was considered necessary changes in the method of governing the recreation bill in Marion.

Although not strange to note, it caused quite a bit of criticism on the outside. Any idea for or against anything of a change from readers may be of great help in case the commission decides to try out a new plan next year. By sending them to The Star they will be published in this column.

**ELMER SHAW**, secretary of the city recreation hall commission, left today on a seven-day vacation trip. He will visit relatives in Toledo and Detroit.

Shaw at the present time is one of the leading figures in Marion's sport picture. He has complete charge of all games played in four leagues receiving the brunt of complaints and kicks made by teams and few compliments.

If there is any one man in Marion who deserves some congratulation from players and fans, it is Mr. Shaw.

**QUITE** a row is being stirred up in tennis circles following a decision of the United States Lawn Tennis Association barring "Big Bill" Tilden from the American team just before semi-finals of the Davis Cup matches with Italy.

It seems as though the whole trouble started when Tilden is supposed to have written stories concerning a tournament in which he was playing. When a man is cut off a team for such a reason, it strikes me that the line is being drawn a bit too fine. The next thing the association will be asking all players to play their own expenses to tournaments in order to avoid any possible "taint" of professionalism.

**FROM** present indications this is going to be left out of it when the baseball championship is settled this fall. All hopes of the Cincinnati Reds going across with the batting have been taken through.

Clay gave many fans heart failure by the way they have been fighting for it, however.

**ALL SQUARE** New York, July 21—Tommy Armour and Johnny Farrell are all square today. Last month Johnny captured the United States open title which the little Scotch golfer won in 1927, and Wednesday Tommy retaliated by grabbing the Metropolitan open title, won by Farrell last year.

20 Events To Be Run; Officials Are Named

BY KARL R. MELBOY  
Sports Editor, The Star

In just another week the Marion races of the Ohio Short Haul Circuit will get under way. For five straight days some of the best horses of this section will compete for purses totaling \$9,600.

Following these at Mansfield and coming between two open dates in the Grand Circuit meeting, the Marion races are expected to be especially attractive this season. Twenty events will be run during the five-day affair with four races scheduled for each day.

Arrangements for the event are being completed by Frank Foster, Marion, who is secretary of the racing association. J. M. McGraw, Washington, Pa., will act as presiding judge of the meet; while S. G. Phillips, Xenia, will be the starter. Thomas Gahagan, Phillips and H. J. Kohl, Columbus, will act as racing judges. Kohl will also serve as judge of the paddocks.

A large number of entries have been received by Mr. Foster including some very fast pacers and trotters. These will be announced next week.

**TOO BAD**  
Money in danger of losing Democratic habits

Fair Haven, N. J., July 21—Our Mr. Heene, to employ a low-brow expression, has taken it on the law from the expert-infested precincts of the Humson farm house and is believed to be in imminent peril of losing his democratic habits.

For, be it known, he is hanging out with a millionaire and will continue to do so until he departs next Wednesday night or Thursday morning for the Yankee stadium battleground.

Tom's new-found friend is Charles Gaston, of Humson, N. J. We learn from a secret, confidential source that Heene may travel up to the fight in Mr. Gaston's yacht.

**TOM HEENEY'S** specialty on these shores seems to be that of making hums out of the so-called "great men" of pugilism.

In ways that baffles true description, by methods that seem ineffective, yet are amazingly effective, in manner that is almost a law, Heene has met one fighter, another and another and made them look bad—and then worse than that.

## NEW YORK, DODGERS FAIL TO MAKE GAIN

Teams Manage To Upset Western Nines on Trip

BY LES CONKLIN

New York, July 21—The New York Giants and Brooklyn Dodgers are just about where they were when they started west two weeks ago. Due to the fact that practically no help was forthcoming from the Phillies and the Braves, the two stronger eastern clubs have gained no ground. But on the other hand they have upset the apple cart of the western contenders at sporadic intervals.

The Dodgers almost ruined the Cardinals and have stopped Pittsburgh's spectacular advance. Yesterday, the Giants snuffed the eight-game winning streak of the Cubs and took second place away from them, scoring three runs in the last two innings to grab a 4 to 3 decision. Stephenson, Welsh and Terry hit homers.

Max Carey, former Pirate, drove in three runs as Brooklyn took an 8 to 7 slugfest from Pittsburgh. Lefty Clark's excellent relief twirling featured.

After yielding only one hit in eight innings, old Pete Alexander of the Cardinals was bumped for four runs by the Phils in the ninth. Reinhardt stopped the Quakers cold, however, insuring a 5 to 4 victory for the Cards.

The Braves returned to form and lost to Cincinnati, 4 to 3. All four games in the National league were decided by a margin of one run.

The St. Louis Browns, who came to Philadelphia with the idea of closing in on the second place Athletics, forced their third straight defeat when George Earnshaw whitewashed them 4 to 0. The Baltimore graduate fanned 10 men, and snapped the 10-game winning streak of Gen. Alvin Crowder, youthful Browns' bossman.

Cronin, former Pirate, is playing a good game at shortstop for Washington. He got two hits as the Nats trounced Detroit, 7 to 4.

definite degree of technique, a plodder, yet a tireless worker, Heeney tramped the highways and the byways of pugilism and done the thing that made him what he is today. He has won his fights.

**FOREVER** calm, cool and unruffled, with a quiet, yet an amazing confidence in himself, wholly unimpressed by the reputation of the men he fights, utterly fearless, Heeney has gone right along, mixing it with one and then another, snapping them blow for blow, matching them step for step, beating them at his game, beating them at their own—and emerging triumphant.

He's the solid type; the kind of man that's worth a wager no matter who is his foe, where the fight takes place, when it takes place, or the place of its schedule. A fellow that you figure can take all the other fellow can hand out and still go plodding in, slugging it and eager to take more if the taking of it can help him to victory.

Back in the springtime when Heeney was matched with Jack Sharkey the wisest of wise men decided that Sharkey would "beat Heeney to death."

"Why," they said, "Heeney is a sucker for a left jab."

But Heeney walked right into Sharkey, in that odd way that he has, forced Sharkey to back away—and then back some more—and round after round the sharpshooting left hand of Jack Sharkey was completely handuffed. Heeney saw no reason why it should be done. It wasn't done.

Sharkey, whose right hand has about as much power as Tunney's, shot out repeatedly during the show. Sometimes it missed by a foot; other times it landed. Upon occasions all of the power of his 165 pounds was in the drive to Heeney's chin. But Heeney merely blinked and walked into Sharkey, hooking him, jabbing a bit on his own neck.

Has Learned Trick of Lunging Without Exposing Chin to Opponent

count, snapping Sharkey with that tricky little right, hand uproot that he has—and so went the fight. Then there was that Delaney match. Delaney, you know, the "Adonis" the young man who was supposed to be the classic of boxers; the youth with the wonderful left hand, the murderous right fist. But when the shidduh was done, Delaney was not so much of an "Adonis" in appearance as when the fight started, he still had his left hand and his right hand. But Heeney had the decision.

**BY** the same methods that he used against Sharkey, this Heeney person made the left jab of Delaney very much null and void. Occasionally, of course, Delaney broke through with it. But nothing ever happened except that to be hit seemed to inspire Tom to dart in a bit faster at Delaney and make him fore and aft with short pokes. All of which quickly decided Delaney that the easiest way out was not to annoy Tommy too much with that left hand.

Delaney's much touted right mitt rattled off Tom's chin a few times. Upon each occasion Tom shook his mane, port of grinned in derision and proceeded to lather Delaney with more jolts of the assorted kind. When a man can tie up Sharkey's left hand, do the same thing with Delaney, take the hardest of their right fisted wallops with a smile—well, how come this idea that Tunney is going to pulverize him with a left and knock him askew with a right?

**THIS** Heeney person is not very sociable in the ring as Sharkey, Delaney and others will testify. He has a most annoying and unrefined Turn to Page 16

## GOLF AND BASEBALL ON SUNDAY MENU; EAGLES PLAY TOLEDO

Finals of President's Cup Tourney Stated at Country Club

Marion's sport menu for Sunday will consist of baseball and golf.

At Lincoln Park Sunday afternoon the Marion Eagles will take on the Toledo Oldsmotors team. The locals will use the same lineup of last Sunday while the Olds team is sporting three new players. Lefty Springer will do the hurrying for the visitors. The contest will start 3 o'clock with Butlers and Eagles playing preliminary.

The finals of the President's cup handicup tournament at the Marion golf course will get under at 9 o'clock Sunday morning. Eighteen holes will be played in the morning with the balance of the 36 being pulled off in the afternoon.

K. M. Bower is the only golfer certain of being in the finals. Robert Owens and E. H. Keller will play the last semi-final round this afternoon.

## Champ Will Make Trip In Plane

Rift Appears in Camp as Gene Announces Plans

**SPECULATOR**, N. Y., July 21—A rift as yet no larger than a man's hand, threatens Tunney's camp today. It is caused by the champion's determination to fly to New York for next Thursday night's bout with Tom Heeney.

Gene is all for the proposed flight. Billy Gibson is against it. So is Bill McCabe, one of Gene's closest friends and most trusted advisers. So are several others who feel that they have the title holder's best interests at heart.

Gibson and McCabe argue that Tunney has many besides himself to consider. But Gene feels that it is a personal matter and is determined to fly. The recent airplane accident to Bernard Gimbel, Sam Pryor, Charles V. Bow and other personal friends has only served to crystallize Tunney's determination to repeat his Stroudsburg performance and fly to the bout.

He doesn't admit it, but he feels that if he backed out now people would say he was afraid to make the trip by air. Tunney also notified his attorney, says to block any legal effort made by Tex Rickard to prevent his making the flight.

## 41,000 EXPECTED TO SEE CHAMP DEFEND HEAVYWEIGHT TITLE

Tex Claims Newspaper Estimates Fall To Hurt Crowd

By DAVIS J. WALSH

New York, July 21—Newspaper pessimists, viewing the situation with a slightly billous eye, were charged by the Rickard organization today with unwitting attempts to injure the receipts through their doleful predictions dealing with and appertaining to the Tunney-Heene ticket sale. It was only the men in the ranks who brought this charge; it remained for Rickard himself to predict that the attempt, unwitting or otherwise, would prove unsuccessful. Worstily and maybe for the last time, Rickard reaffirmed his estimate that the gate would "go over" a million dollars.

In semi-support of Rickard's contention, three developments of some significance made their appearance today. The writer is not attempting to say what will happen; merely pointing out what appears to be so. The developments in question were:

## Bambino Plans to Retire From Baseball After 1929

**NEW YORK**, July 21—Babe Ruth, home run king of the major leagues, declares he will retire from baseball at the end of the 1929 season—no fooling!

While most of the Babe's team mates on the New York Yankees received his announcement skeptically, the big gun of the world's champions insisted today that the lure of spanking a new white baseball into distant bleachers would hold no charms for him after next season.

"Next year will be my last year," the Bambino declared, apparently in all seriousness. "I've had a great time in baseball and the game has been good to me. I'm well fixed and independent, and I'm going to quit before I get kicked out."

Ruth's contract expires at the end of the 1929 season. He pointed out that by that time, he probably will have realized his ambition to hit 500 home runs during his big league career.

"For 15 years I've wanted to take a summer vacation," Ruth continued. "By the end of next year I will have saved enough money to be independent."

# Hoover Busy Bringing Pre-Convention Foes Into Fold

## THREE CALIFORNIANS ASKED TO VISIT HIM

Governor Young and Senators Johnson and Shortridge Comprise Trio

## SEEKS TO CEMENT PARTY

Nominee Brings Curtis, Watson, Dawson and Hillis Together

Palo Alto, Cal., July 21.—Taking a season from a previous Republican nomination for president, as his first political move since getting here, Herbert Hoover has issued invitations to Gov. Young, Senator Hiram W. Johnson and Senator Samuel M. Shortridge to visit him at his home. The trio of California Republicans leaders all having separate following, have pledged their support to Hoover but the nominee apparently planned to win their personal good will as well.

This was in sharp contrast to the attitude of Charles Evans Hughes, the

Republican nominee in 1916, who stopped at the Senate hotel with Johnson during that campaign without communicating with the then governor of California. This political oversight aroused Johnson's enmity and, when California went Democratic that fall giving Woodrow Wilson his margin of victory, many political seers blame the Republican defeat on Hughes' "faux pas."

Hoover, noted for his ability as an organizer made no such mistake.

Young Guest Today  
Governor Young will be a guest in the Hoover home today. He will call to pay his respects and to express in person his condolences to the Republican nominee and Mrs. Hoover to the loss of her father, Charles D. Henry.

Senator Johnson sometimes termed a Hoover foe in Washington last winter will be invited to call early next week. These arrangements were going forward today. Shortridge will follow Johnson.

The burping of the political "hatchet" between Hoover and Johnson will mark but another step in the nomination. Hoover has chosen one opponent, Senator Charles Curtis, as his running mate while winning from the deposed vice president, Charles G. Dawes, a promise to take the stump for him.

Before leaving Washington he leaned heavily upon the political advice of Senator James E. Watson of Indiana.

another opponent, with the result that the Hoover ear will take the stump, too. Then he declared Charles D. Hillis, who fought him at Kansas City, the Republican boss of New York thus conceding another foe. Now Johnson is within the fold.

## OUTING PLANNED

Haptist Class Arranges for Event at Crystal Lake Park

Plans for a swimming party and a picnic supper to be held at Crystal Lake park, next Wednesday, were made at a meeting of the C. I. C. class of the Emmanuel Baptist church at the home of Miss Mace McClure, south of Marion, last night.

Music and contests featured the entertainment following the business session. First prize in the contests was won by Miss Ruth Osmun. Guests of the class were Misses Eva Somerlot and Harriet Martin.

A luncheon was served by the hostess, assisted by Miss Lola Hurst. The next meeting of the class will be held at the home of Miss Alma Feider, Green Camp pk.

Do we grow too deeply interested in this world and in fighting each other for place, when we know, soon or late, that we must go from it?

**TOM HEENEY NOT SO IMPRESSIVE IN RING**

Menke Says Strong Legs Will Help Tom in Fight Thursday

Continued from Page 13

habit of crowding an enemy at all times. He is most selfish, inasmuch as he never permits the other dude to get "set." He is constantly snaking in and jarring the other bloke off balance.

And that's not nice—except for Heeney.

Heeney is rather small, he is squinty, his neck is short and his chin rests rather close to his chest. Like-wise, he has learned the trick of lunging in without exposing the whole of his face to a possible left-handed snap from his foe. He has over Heeney's head, or hit the top of it more often than they smile his back.

Unlike Dempsey, the New Zealander has legs of the most rugged variety. In fact, they are the real assets. Short, wonderfully muscled, durable, they carry him all day without fatigue. He can keep charging in for hours upon hours without tiring those legs and, in a pure leg match, Heeney certainly would win all the bouts from Tunney.

HEENEY is not a killing hitter.

But Heeney, with those short, powerful arms of his can hit short smashes that crunch and jolt. His right hand uppercut, delivered at short range, driven either into the body or lifted to the chin, is his best weapon. He doesn't drop the boys with it, but he teaches them respect and a bit of fear and after that, he hooks them with lefts and rights.

Where Heeney has the great advantage over Tunney is in the fact that he has been fighting constantly throughout the year and most of his battles are over the 15 round route. This twenty-sixth imbroglio is 15 rounds. Naturally, not having fought the 15 for many seasons, and not having stepped any rounds at all for nearly a year, Tunney perhaps will start off a bit careful and cautiously so as to conserve his energies.

HEENEY won't need to do any conserving. He knows he can travel the distance without crumpling. If he is half as smart a fighter as this column concludes, then Heeney will start right off rushing Tunney and keep on rushing him until such time as the pug goes too awfully for the champion and he gets arm weary and head weary and his legs begin to falter in their stride.

After which, it seems to this column, Heeney will close in on Tunney, plunk him here, plunk him there, methodically and mercilessly, and either knock him loose from the throne seat to a spot upon the canvas or win the decision by an indisputable margin.

You'll Need The Greater Hoover

When planning your home equipment be sure to include a Greater Hoover.

**Boy's Arm Broken**—Ora L. Camm, 10-year-old son of Mrs. George Camm, 304 Fabey st., suffered a broken left arm when he was knocked from a wagon in which he was riding. The wagon was accidentally struck by a passing machine.

**HEAT CAUSES DEATH**  
Harry B. May, Barber, of Crestline, Dies of Stroke

Bucyrus, July 21.—Apoplexy, brought on by the heat, caused the death of Harry B. May, 50, barber, of Crestline, at his home, Thursday night. Funeral services were held this afternoon at the home, followed by interment in the cemetery at Shelby.

Surviving are the widow, one son, Norbert, aged 6, and his father, A. C. May.

An English composer has invented a piano the upper keyboard of which has a register one octave higher than the lower. It can be coupled to play with the lower and octave runs can be played with single fingers.

## BACK FROM CAMP

Marion Youth Return from Military Training Center

Marion county's contingent of representatives to the Citizens Military Training camp at Fort Benjamin Harrison, Ind., returned to Marion Thursday, following the annual camping period. Fifteen youths of the city and county were included in the group.

Richard Walker, of Marion, was one of the cadets at the camp to receive an appointment of sergeant at the close of the camp period. Edward Sloan, Walter Moore and Leonard Parker, all

of Marion, were given corporal appointments.

Sloan and Parker were also members of the band at the camp. Sloan played the cornet and Parker the trombone.

# Homecoming To Mark Completion Of Church Improvements

## SPECIAL SERVICE TO TAKE PLACE SUNDAY

Seven Weeks' Repair Program Program Finished at Prospect Street Edifice

### VISITOR TO SPEAK

Dr. F. W. Mueller, Philadelphia, Engaged for Address at Church Reopening

When members of Prospect Street M. E. church return for the homecoming service to be held at the church at 10:30 o'clock, Sunday morning, they will find a completely redecorated auditorium and church interior, the result of a seven-weeks' repair program which was started the first week of June.

Repainting of the walls, ceilings, floors and furniture is included in the remodeling program, which will be completed by Saturday. All of the furniture used in the church, including the pews and the doors of the entire building, have been cleaned and varnished. The ceiling of the main auditorium has been repainted in a light tan and the walls in gray with a small blue border circling the walls near the floor. The beams constructed in the ceiling of the auditorium have been decorated in a deep brown. Ceilings and walls of the basement and the class rooms have been repainted in an ivory color.

First Since 1912 The redecoration at the church is the first to be made since the building was constructed in 1912. The painting and decoration was in charge of the James Jones Decorative Co., Upper Sandusky. Electrical work, including installation of six new auditorium lights, was done by the United Electric Co., Marion. Woodwork on the exterior of the church was also done by the Upper Sandusky firm.

Dr. F. W. Mueller, a member of the Board of Home Missions of the Methodist Episcopal church, located in Philadelphia, will be the speaker at the homecoming service Sunday morning. Miss Helen Artz, who recently graduated from the school of music at Ohio Northern university, will be guest soloist for the service. The choir will also present special numbers. Dr. Mueller and Miss Artz are also included on the program of the union church service which will be held Sunday night at the Prospect Street M. E. church.

Another service of the church Sunday morning will add another chapter to the history of the denomination in Marion. At one period, shortly after Dr. William Nant, who is called the father of German Methodism, was given the state of Ohio as his field for missionary endeavor, Marion was a member of a circuit of 22 places where the first minister came to preach.

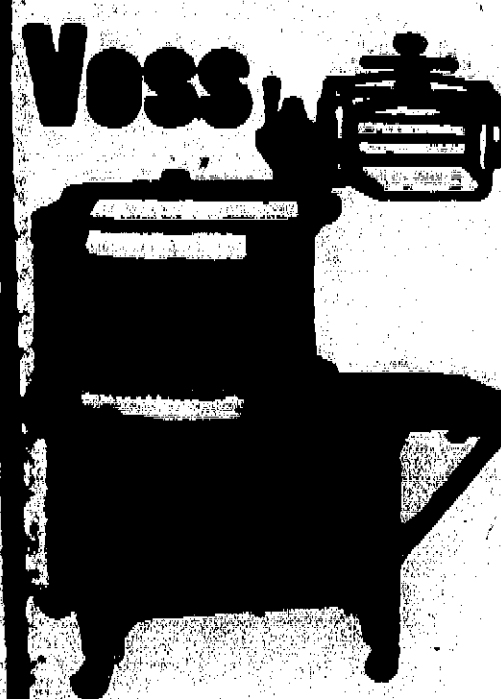

Actual organization of the congregation took place in 1846 and at first, before a building was constructed, meetings were held in the courthouse. From there the small group which comprised the congregation, moved to the Methodist Episcopal church, then located at State and East Center sts.

During the pastorate of the Rev. F. H. Fisher in 1905, a plot of ground was obtained at Prospect and West Church sts. and the church building project for the denomination was started. The building was not completed and dedicated until late in 1909. From the former large circuit of 22 churches, the circuit was divided shortly before the building was completed into a four-point division. In 1921 Marion became a station by itself.

The first church, after being used for more than 22 years, was torn down in 1915 and the new building which still stands was erected. Last fall the congregation started a program for remodeling the church and parsonage. The parsonage was first renovated and a furnace was installed.

## PLAN REOPENING OF PROSPECT STREET CHURCH

Formal reopening of the Prospect Street M. E. Church, following a seven-weeks' period of redecoration and repairs, will be held Sunday morning in connection with homecoming services. A large amount of the work has been done on the church, pictured above. The improvements include redecoration of the floors and ceilings of the classrooms and the auditorium. All of the furniture used in the church has also been revarnished and new lights have been installed in the main auditorium.

## DR. F. W. MUELLER ON CHURCH PROGRAM

Philadelphia Minister To Give Sermon at Union Service Sunday Night

### ON MISSION BOARD

Special Music Features Included in Program at Prospect Street M. E. Church

Dr. F. W. Mueller, of Philadelphia, former district superintendent of the Ohio District of the Central German conference, will give the sermon at the union church service to be held at Prospect Street M. E. church, Sunday morning.

Miss Artz to Sing  
Miss Helen Artz, a recent graduate of the school of music, Ohio Northern university, will present a special musical number during the program preceding the address by Dr. Mueller. She will sing "Come Ye Blessed," Scott.

An organ prelude will be presented by Miss Mary Ellen Kerr, organist of the church. The organ number will be followed by a hymn and an anthem by the choir, "O Give Thanks Unto the Lord," Lowden.

The Rev. Edwin Weiss of the German Reformed church will be the special speaker at the service of the City Young People's union. Worship at the service will be conducted by the young people's society of First Presbyterian church. Music will be by the young people of the First Reformed church and lesson by the Prospect Street M. E. church young people.

The union church service will start at 8 o'clock and the young people's service at 7 o'clock.

**PROGRAM OUTLINED FOR NEXT WINTER**

List of Activities Mapped Out for City Young People's Union

Plans for activities of the City Young People's union next winter, are now under way, according to Miss Norma Parker, president of the newly-formed organization.

Announcement that various programs will be presented by the union was made today by Miss Parker. The programs during the winter will consist largely of musical presentations, worship hours, plays and pageants.

The primary object of the new union, as defined by Miss Parker, is to bring the young people of the city into closer contact and fellowship. It is planned to give all members of the organization a chance to participate in the programs to be given during the winter.

**GRANVILLE PASTOR TO DELIVER SERMON**

The Rev. C. M. Eddy Engaged for Morning Service at Trinity Baptist

The Rev. C. M. Eddy, of Granville, will preach at the morning service at Trinity Baptist church, Sunday, filling the pulpit left vacant by the resignation of Dr. U. S. Davis, several weeks ago.

According to church officials, the church will in all probability be without a regular service until the fall, when several candidates for the position will be asked to preach here. Ministers filling the pulpit since Dr. Davis left have been preaching here in the capacity of supply pastors.

The deacons of the church will have charge of the selection of a new pastor.

**MARION DELEGATION GOING TO ASSEMBLY**

Evangelical Churches To Be Represented at Meeting Next Week

Nearly 20 members of evangelical churches of Marion are expected to attend the seventh annual assembly of the Ohio Conference of Evangelical churches, which will be held in Linwood park at Vermilion, next week.

The local delegation will be headed by the pastors of the three evangelical churches of the city, Dr. E. Radebaugh, of Calvary Evangelical church, the Rev. H. C. J. Kern, of Buckeye Evangelical church and the Rev. J. Kauffman, of Greenwood Street Evangelical church.

The assembly of the Evangelical church is held annually for the purpose of advancing religious education and Christian culture.

The Rev. C. L. Kern, of Bucyrus, and Rev. L. H. Nussbaum, of Carey, will be special speakers at the assembly.

A special camp for boys of the evangelical churches of Ohio is now being held at Linwood park, where the assembly will take place.

**CHURCH SOCIETIES PLAN UNION PICNIC**

Young People's Groups of City To Take Part in Outing Next Wednesday

A large number of young people of the city are expected to attend the joint picnic for members of all the young people's church societies, which will be held next Wednesday afternoon at the home of Harold Patrick, six miles south of Marion.

The picnic is being sponsored by the City Young People's union. Preliminary arrangements for the outing were made at a business meeting of the group at the union service held last Sunday night at Trinity Baptist church. Officials of the union are in charge of arrangements for the picnic.

Plans have been made for the picnicers to meet at 2 o'clock, Wednesday afternoon at Trinity Baptist church. From the church the members will go to the Patrick residence, where the picnic will be staged. Games and contests will make up a large part of the program to be held in connection with the picnic.

Various groups will be asked at the union service Sunday night by Miss Norma Parker, president of the union, concerning the number of members who will attend the picnic.

filled up with barbecued meat, and bread and plenty of good coffee and they commenced to get ready for some serious business. As dark came it looks like they just dropped right out from behind every mosquito bush. You would have thought there was going to be a bull fight instead of just a dance.

Getting Ready for Dance  
Finally the old head cowman commenced drifting the women toward the schoolhouse. As the she stuff all drifted in, he stood at the door and parted back all the masks. Another young Mexican who was kinder clerk of the court, made up a list of all those who felt like dancing was just about what they needed. They registered with this young fellow, and as they got ready to have a dance, he read out the names of about what would be a car load, or a floor full, and as he did they came in the door. There they all stood just inside the door, all these men or young boys, whose names were on this list. Then just as the orchestra started they all scattered for the seats around the wall where the women and girls in all kinds of ribbons and fancy dresses were seated and they just held out their arms. They didn't say anything. That is they didn't say anything I could hear, and the girls would get up, they would walk a little ways, kinder like you un-track a horse, and then they would get their bolts, and the dance was said to be on.

It was dancing just about as bad as ours, in fact the worst parts they had taken from us. Now they never did say one word to each other while they were waiting or two stepping, and when it was all over they walked pretty near to the wall, and all at once turned and broke back for the door. The didn't say, "much obliged," "so long kid," or nothing. They had finished with en,

and that was all. Then the door tender read out another list, and in would come about twenty other old cow hands, and they would stand in the door and then make a break and hold out their arms, maby get some of the same girls. But never a word. They was there to dance, not to monkey around talking. Some of these old cowpunchers danced like they was "flanking a calf," or "earing down a Bronk." That steak had done mighty nobly by that orchestra for they was as serious as the dancers.

Everybody sober  
Some of these girls was mighty pretty, and here is a thing that made it more different from our dances than any other thing. Everybody was sober. There wasn't a drink around the place. I'll bet you its absolutely the only 100 per cent sober dance held in this country since 1918. The children was dancing, the old folks, and it was like ear old time country dances when we could have a good time without outside aid. If anybody else knows of a sober dance taking place without a single one having a drop why let me know. But I think this dance on the King ranch holds the record for being unique. Think of it, a SOBER DANCE! But it took Mexicans to put it on. Hurrah for Al Smith and Prohibition. (Copyrighted 1928. By the McNaught Syndicate, Inc.)

## FRENCH WAR BRIDE OUT ON \$5,000 BOND

### Cleveland Woman Charged with Manslaughter in Death of Husband

Cleveland, July 21—Mrs. Marie Oatman, 35, a French war bride, was free on \$5,000 bond here today to await a hearing before Police Judge David Miller today or Monday on a manslaughter charge in connection with the death of her husband, Harry Oatman, 38, a former lieutenant in the United States air service in France who died of an alleged knife wound in a hospital.

Thursday last, according to Cuyahoga County Coroner Pearce, Mrs. Oatman was arrested late yesterday at her home in Cleveland Heights, a suburb, after a three-day inquiry led by the coroner. She was released on bond last night.

Oatman's injuries were reported as accidental last Tuesday and Pearce's three-day inquiry resulted in the discovery, he said, that the couple had a violent quarrel during which Oatman was alleged to have been stabbed with a knife with which his wife was said to have been paring potatoes. The former army flier, for two days before the coroner started an inquiry, is alleged to have been slowly bleeding to death in his home. The victim was taken to a hospital Thursday where he died two hours later, Pearce declared.

**Refuses To Talk**

Mrs. Oatman refused to discuss the charge against her.

That the couple cared greatly for each other despite frequent quarrels appeared evident to detectives who visited the Oatman home after the alleged stabbing.

It is charged that when Oatman's mother complained about the misconduct of her son's three children, two

daughters and a son, aged four to seven years and were reprimanded and punished by their father, the mother intervened.

Funeral services for Oatman were to be held this afternoon. The body was ordered held after the funeral, however, by Dr. Pearce for a second autopsy at the county morgue.

"I love him. I'll always love him," Mrs. Oatman repeated over and over again in French and English when questioned.

Oatman was proprietor of a printing establishment here.

### PROBE POISONING

More Than 200 Women and Children Stricken on Picnic

Washington, July 21—A special board of physicians and bacteriologists was convened here today to make a thorough investigation of the poisoning of more than 200 women and children, who were stricken yesterday on a picnic sponsored by the Central Union mission.

Preliminary examinations failed to reveal a definite cause for the poisoning, believed to have resulted from food packed in lunch boxes by willing churchwomen.

Most of the victims recovered after emergency hospital treatment but 14 were still left in City hospital today. Some were said to be in serious condition.

### RETURN FROM TRIP

Waldo, July 21—Mr. and Mrs. Grover Lichtenberger, Misses Hazel Lichtenberger and Mildred Leffler and Delbert Lichtenberger, Robert Loeppner and Oscar Kaehler returned early this week from a trip to Niagara Falls and other eastern points.

The Rev. J. A. Law, of Bellefontaine, was a business visitor here this week.

## SLAYER OF OREGON IS GIVEN RESPITE

### Civil Trial Scheduled; Other Arrests Are Reported Made

Mexico City, July 21—With all Mexico still speculating today as to who would be the country's next president, Jose De Leon Toral, the youth who slew President-elect Alvaro Obregon, enjoyed a 72-hour respite. The respite was granted him in a court order known as the amparo, which restrains both police and military officials from summarily executing him.

The youth will be given a regular civil trial which will be public, an official announcement stated.

Several arrests have been made during the last 24 hours, but the police refused to reveal the names of those arrested. However, it is believed none of them was politically important.

General Obregon's body was expected to reach Huatabampo, Sonora, the town of his birth, today. The funeral train was delayed because a tunnel through which it had to pass had been destroyed several months ago. The body was carried over the mountain to the other end of the tunnel where another special train was waiting.

The late leader probably will be buried tomorrow at Huatabampo. Mexico's traditional respect to her honored dead, a crown of popalins, will mark his grave.

Bowed down by grief, Senora Obregon, the late president's widow, and their seven young children, are awaiting the arrival of the funeral train.

## REPORT SERIES OF UNUSUAL ACCIDENTS

Bean Lodged in Boy's Ear Listed  
as One of Hardin County Mishaps

### REMOVED BY DOCTOR

Woman Saved by Son When  
Clothing Catches Fire from  
Kitchen Stove

Keaton, July 21.—Dale Roberts, son  
of Mr. and Mrs. Jason Roberts, south  
of here, is recovering from an opera-  
tion in which a large bean was re-  
moved from his ear.

After the lad had continually com-  
plained of an earache, the mother in-  
vestigated the case and discovered  
that the bean had been tightly  
lodged in the ear. Unable to remove  
it, the mother took the youth to the  
office of a physician.

A second unusual accident was re-  
ported from north of Keaton when  
the Elmer Albert narrowly escaped  
being badly burned. The string on her  
jeans caught fire from the kitchen  
stove and in a second her clothing was  
ablaze. Quick action of a son, Rich-  
ard, saved the mother.

Arthur D. Wilkinson, tenant on the  
J. M. Farmer farm, near here, sus-  
tained a badly lacerated foot when it  
fell in a piece of farm machinery.  
The large toe on the right foot was  
badly severed.

A ring worn on his right hand saved  
Fred Suber, north of here, from sus-  
taining serious injuries to his hand  
while operating a buzz saw near his  
home. A second after his hand caught  
in the saw, the metal ring threw the  
finger clear of the fast revolving  
blade. Only minor lacerations were  
suffered.

## DIES IN MICHIGAN

Former Carey Resident Succumbs  
After Operation for Tumor

Carey, July 21.—Relatives here have  
received word of the death of Mrs.  
Charles Jacobs, of Monette, Mich.,  
former Carey resident. She died at 6  
o'clock at the hospital in Marquette, Wis.,  
after an operation for a tumor. She has been ill for  
several years.

The maiden name was Della Tong  
and she was the daughter of the late  
Mr. and Mrs. Winfield Tong. She was  
born and reared on a farm southwest  
of Carey. She was 54 years of age.  
Hosea and Grant Tong, brothers of  
Mrs. Jacobs, left Thursday evening to  
attend the funeral.

## PEMBERVILLE MAN IS NEW OWNER OF CAREY BAKERY

will take possession Sunday. Mr. Hubert  
has operated the bakery for about  
50 years.

## FIRST DEATH

Hardin County Boy Claimed by In-  
fantile Paralysis

Keaton, July 21.—The first in-  
fantile paralysis death in  
Hardin county was reported when  
the little son of Mrs. Robert Hamp-  
ton, Alger, died of the dreaded  
disease.

Dr. C. C. McLaughlin, Dunkirk,  
county health commissioner, in-  
vestigated the case and directed  
that the body of the child be buried  
at once and that the house be  
quarantined immediately. No new  
cases have developed in Alger, the  
commissioner said.

Upper Sandusky, July 21.—An-  
nouncement has been made of various  
changes in the program of union ser-  
vices being conducted by churches here  
during July and August.

Sunday night, the Rev. W. H. Kil-  
ber will deliver the sermon at the  
Presbyterian church. "God's Mirror"  
will be the theme of his discourse.  
Members of the various young people's  
societies will convene in the Sunday  
school room at the Presbyterian church  
preceding the union meeting.

Sunday, July 22 the Rev. C. R.  
Williamson will have charge of the  
services at Trinity Reformed church.  
For Aug. 5, the Rev. H. E. Armstrong,  
of Delaware, will preach at the Meth-  
odist Episcopal church. Missionary  
night has been set for Aug. 12, the  
services again to be conducted at the  
Methodist church.

Trinity Evangelical will be the place  
of meeting on Aug. 19 with choirs of  
the churches in charge. Bringing to  
a close the group of meetings will  
be the service in charge of the Sunday  
schools, held at the English Lutheran  
church.

## USE NEW THRESHER IN MARION COUNTY

Combination Machine Owned  
by Hardin County Men Oper-  
ated on Eaton Farm

Keaton, July 21.—One of the first  
combination thresher machines pur-  
chased by Hardin County farmers was  
placed in operation on a 60-acre wheat  
field on the Eaton farm in Marion  
county. The thresher is owned by J.  
R. Hastings and C. W. Vandervort.

As the machine cuts and threshes  
the wheat, the grain is deposited in a  
30-bushel bin, which when filled dumps  
the kernels in a wagon bed which is  
being driven along the side of the chute.  
A moisture test must be taken before  
the thresher is started as grain threshed  
too wet will not be accepted at elevator.  
The test was 33.5 per cent moisture,  
one-half under the high mark.

## Just Things

BY EDNA S. DUTTON

## SUMMER

! SIGIL for the life of a polar bear.

It's been a couple of moons and a few stars thrown in since King Winter betook himself from our midst and don't you recall how glad we were to see him go? But what wouldn't you have given for just a little surprise visit this week, even if he only stayed a few hours. All I could think about was seeing my caravan beside a lake of ice cold lemonade, flanked with mountains of ice cream, and even that didn't help much for no one seemed to know of such a place. It doesn't help one jot or tittle to cast an eye towards the follow burden bearers for a gleam of comfort, their noses are just as shiny and their general appearance just as muggy as my own. This is the only ray of consolation I could find anywhere, a traveling man was selling gaily colored Christmas boxes to a buyer in one of the local stores.

## RAG BAGS

DOES any one keep rag bags and button boxes any more, I wonder. They were interesting affairs and the rummaging of them would afford ample entertainment for a nice rainy evening at home it seems to me. Pieces from frocks long since forgotten surely would afford plenty of material for reminiscences for a good story teller. Imagine wedding dresses, party gowns, dresses made for the trip to relatives afar, and even aprons, which was the apple of the wearers eye and the envy of every one when it was donated for the serving of the dinner at the family reunion or community picnic.

## WOMEN CANDIDATES

I EXPERIENCED my first visit from a woman candidate for office recently and take it from me it might make the male of the species sit up and take a couple of notices, if they were to stick around and hear one of the alleged more deadly of the race present her case. Miss Gertrude Jones, of Findlay, candidate for member of the state central committee from the eighth district on the Republican ticket, is in town. And does she know her stuff? Well you can bet your last year's bathing suit she does. She didn't hear the call from afar and neither did she lie awake nights fighting the urge to stay out of the fight. She wants the job and says so without any embellishment of words. She shakes hands like she was really glad to see you and after she leaves you think of her as Gertrude Jones, not Miss Jones. No, she didn't promise me any job, if elected.

## CLASS HOLDS MEETING AT CALVIN JONES HOME

Mr. and Mrs. Calvin Jones, Uncapher ave., were hosts to the Cheerful Helpers Class of the Oakland Evangelical church when it met last night. After devotionals and a short business session contests were held. Honors went to Mrs. Marian Crebiter, Mrs. Earl Stone and Mrs. Lorrie Grate. Mrs. Gail Showalter was consoling. Aug. 4 the class will hold a picnic at Sugar Grove lake. Refreshments were served by the hostess. The class will hold its next meeting Aug. 17.

## The Business Man

Time is money in business and I make sure my car is always ready for service by using Champion Spark Plugs.

Champion is the better spark plug because it has an exclusive diamond insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a steady spark-gap under all driving conditions.
